Hello everyone,

I did not receive this email either.

However, I spoke with [REDACTED] last Wednesday 6/21 and she asked that I continue to email the SEIU as I have been doing all along.

During this conversation [REDACTED] also requested I try my best to keep to Tuesdays & Thursdays. (whereas before the SEIU I could contract on any day which was SO nice!)

I explained that keeping to Tuesdays & Thursdays was sometimes difficult because of office staffing issues: (contract countersigners & Front desk coverage) and that we also have competition with APS and Financial for reserving the one room we have for contracting.

She was pretty understanding ☺

I'm confused... so now we don't have to email SEIU about IP's who contract on days other than the one's we were made to choose?

LOL, I'm probably missing something here

No, I didn't receive this. But I am sooooo glad. I thought that is wasn't a good idea anyway. They asked for a lot of info on these IPs. I just didn't feel good about that. And every 1 out of 10 IP's I contract say they are "anti-Union" (when I just mention that they have a union book in their training folder).

So, I felt bad to have to send their profile information anyway even though they expressed how much they hate Unions. I am so glad that I don't have to do this anymore.

Hello!

So I have been continuing to email SEIU every week when I contract off schedule, I got the below response this morning. Have you received anything from the Union in regards to not emailing as they had previously requested?

██████████ / CUSTOMER SERVICE SPECIALIST & IP CONTRACTING COORDINATOR / Home & Community Services
Aging and Long-Term Support Administration
Washington State Department of Social and Health Services
360-██████████ / ██████████@dshs.wa.gov

Hi Hope,

Happy Friday!

My supervisor has sent out a communication to all offices earlier this month of our policy changes but I wanted to make sure to update you. We are no longer requiring offices to send information of IP's contacted outside the regular schedule to protect the privacy of our membership.

I appreciate your understanding,

Thank you!

Lucy Vazquez- Martinez
Homecare Team Coordinator
SEIU 775

Hello SEIU!

The following signed their contracts outside of my normal contracting schedule, however they did meet with your representative on a contract day.
