RE: Request to Resign Membership

Dear Alan:

I am in receipt of your letter requesting to resign your membership. Our records show that we received your previous request and changed your status to a non-member dues payer at that time.

The current Local 3942 collective bargaining agreement has maintenance language that obligates you to pay union dues until the open window period which begins June 1, 2019. On that date your status will be changed to a non-dues payer and no further dues will be collected from you.

If you have any questions please do not hesitate to contact me.

Sincerely,

A handwritten signature in blue ink that reads "Sam Austin".
