Braun 1279 – rather than have the agency describe the nature of the request (e.g. “The Freedom Foundation wants your birthday”) the agency is providing a copy of the request (which may be nondescript or convoluted in nature).

Braun 1280 – Limits disclosure to labor union without employee authorization. This is PRA exemption base on the requester. Can’t imagine the court will love this...

Ericksen 1276 – Requires agencies to distribute Freedom Foundation materials about labor organizing so long as the nonprofit pays for it and they don’t do it more than four times a year.
