Take Action on House Bill 4129: An Important Bill for Care Providers

In even-numbered years like 2024, the Oregon Legislature convenes for a “short session” where they consider a few important policy bills. Homecare workers have a very important bill called the Homecare Modernization Act (HB 4129) to help finally fix our payroll system to avoid late and partial pay and better connect providers and consumers. **Can you take one minute to [ask lawmakers](#) to pass this key piece of legislation?**
